

November 25, 2020

Dear Wolfpack Members and Families,

As I am sure you are aware, the positive cases of Covid-19 have increased over the past few weeks in Washington County. As a result of recent Washington county Covid-19 data, and Departments of Health and Education recommendations, Mon Valley CTC will need to make a significant change in instructional delivery. Mon Valley CTC will move to a **fully virtual** instructional model beginning **December 1, 2020** until such time Washington County Covid-19 data supports the recommendation to move back to our hybrid instructional model.

MVCTC staff will be providing meaningful remote assignments, and students are expected to continue with their program goals throughout this time. Teachers will be reaching out with expectations for students to engage fully remote.

Any updates will be communicated to families via phone contact. I thank you for your continued understanding as we navigate through this difficult time. Please know that this decision was not made lightly and has placed safety at the forefront.

Sincerely,

Neil F. Henehan

MVCTC Director
